

Touseef Shafiq

Associate Software Engineer

Hello, I'm recently graduated as BS Software Engineer. Now, I'm MERN Stack Trainee at Knowledge Streams with an innovative concept. Passionate about Computer Science, innovation and technology.

Knowledge Streams have groomed my personality in such a way that I feel more confident and motivated whenever I communicate with a team or individuals. Creativity and innovation have helped me immensely in time and stress management. All these skills collectively contribute to making me a better leader and a responsible citizen.

Projects

Education Hub

Express JS,
PostgreSQL

- Employed backend technologies, Express JS and PostgreSQL, for a reliable and scalable architecture
- Integrated databases, optimized data flow, and enhanced user experience in LMS

Film Flix

HTML , CSS

- Developed the backend of a movie website using HTML, CSS, and API calls
- Enhanced user experience by fetching and displaying movie data dynamically

Tic Tac Toe

HTML , CSS

- Crafted an immersive rendition of the timeless Tic Tac Toe game using HTML, CSS, and JavaScript.
- Experience the thrill of strategic gameplay and sleek aesthetics in this captivating web-based creation

Education

- **Sargodha University(BSSE)**
9/2019 - 8/2023 2.77/4.00
- **Reader College Sargodha(ICS)**
2017 - 2019 896/1100
- **High School Maingari(Narowal)**
2015 - 2017 974/1100

Work Experience

Knowledge Streams

9/2023 - 12/2023 MERN Stack Trainee

- Utilized React.js to create a dynamic and responsive user interface
- Built fast RESTful APIs with Express.js and Node.js for seamless front-end to back-end communication.
